

Angkor Hospital for Children Fund Tides Canada Foundation

The Angkor Hospital for Children Fund (AHC Fund) is a “donor-advised fund” at Tides Canada Foundation, created to facilitate fundraising activities in Canada for AHC by Friends Without A Border, the mother organization of Angkor Hospital for Children.

The AHC Fund aspires to give every child the right to a healthy and loving life. Since AHC's inception in 1999, over 549,000 children have received free pediatric care at AHC.

The goals of Angkor Hospital for Children are to:

- 1) Provide high quality medical care for children in a warm and supportive environment.
- 2) Support continuing education of health care professionals throughout Cambodia so that they will become the clinicians and educators of the future.
- 3) Improve the health, nutrition and hygiene of local communities through outreach programs.
- 4) Stimulate research to develop sound health care practices appropriate for local conditions.

TIDES Canada Foundation is a national public foundation whose mission is to create partnerships with Canadian donors and charitable organizations to grow and organize resources for social change and environmental sustainability. TIDES Canada Foundation facilitates innovative and effective grant-making programs, fosters opportunities for learning and builds community among donors and grantees.
